

Equalizer Series

Electric Powered

Featuring Robust Motors!

2 HP, 120 VAC

5 HP, 230 VAC

7.5 HP, 230 VAC

Reliable General Pumps™!

1000 PSI @ 2.2 GPM

2000 PSI @ 4.0 GPM

3000 PSI @ 4.0 GPM

Direct Drive or Belt-Drive Systems!

Key Features

The Control Panel

- **Centralized location for all controls.**
- **Four mounting points for the nozzles.**
- **Burner on-off switch mounted away from water inlet or outlet, improving safety for the operator.**

The Pump and the Motor

- **General Pumps™ brand Industrial Triplex Pumps.**
- **Direct Drive System or Belt Drive System connects the pump to the motor.**
- **Quick-Connect downstream (high pressure) detergent injector with detergent & chemical pickup hose.**

Factory Installed Options

- **Stainless Steel Burner Wrap**
- **24 VAC System with Auto Start/Stop**
- **4.5 Minute Delay System Shut Down**
- **460 VAC 3-Phase System (TS3004 & 420-IBD only)**
- **Thermostatic Control**
- **Chemical Injector System**

The Hot Water System

- **Clean burning, fuel efficient vertical combustion chamber utilizes kerosene or #2 diesel fuel.**
- **Beckett™ burner system quickly heats water up to 190° F.**
- **Multi-gallon float tank mounted low on the chassis helps to prevent pump cavitation due to slow water supply.**

The Frame and Accessories

- **Rugged steel tube chassis with durable powder coated finish.**
- **Wide-Stance style dual axle system makes it easy to maneuver on the jobsite or in the shop.**
- **Includes mounting points for gun and hose storage.**
- **Includes 50' of 3/8" high pressure hose rated for hot water use, trigger gun, and wand.**
- **6-gallon Diesel tank keeps you working all day long without stopping to refuel.**
